Go to [printers.westside66.org](https://printers.westside66.org) in a web browser.

### Sharp Color Printers (Large and Small)

Models:

MX-3071, MX-3571, MX-4071  
MX-2651, MX-3051, MX3551, MX4051

MX-C303W, MX-C304W

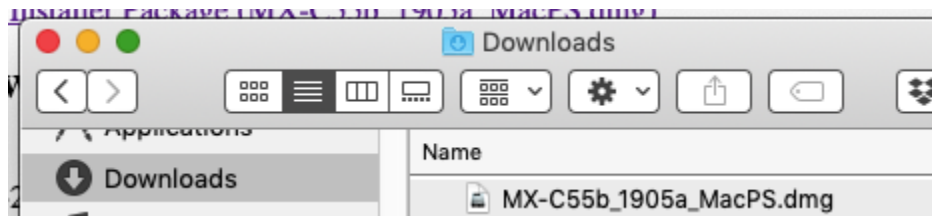

[Download Installer Package \(MX-C55b\\_1905a\\_MacPS.dmg\)](#)

### Sharp Black & White Printers (Large and Small)

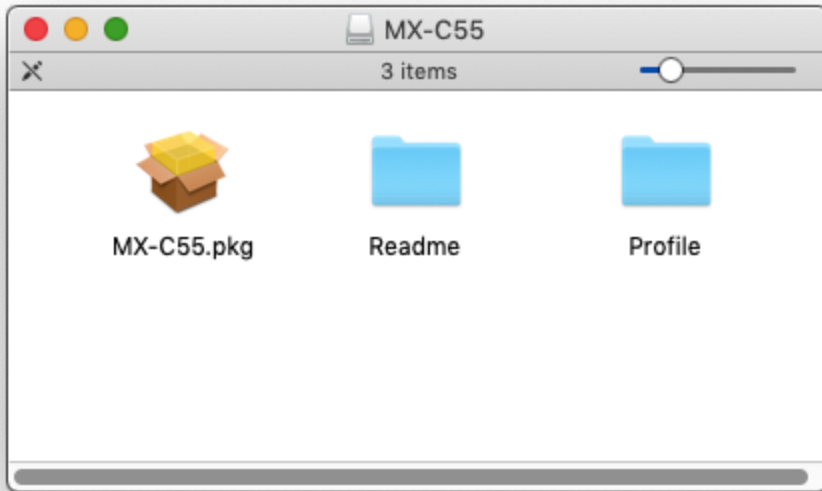

Models:

MX-2630N

Click on the link to download the version of the driver that you need. This will download a virtual disk image into the Downloads folder on your computer. Double-click the file to open it. You might not see the .dmg at the end of the filename.

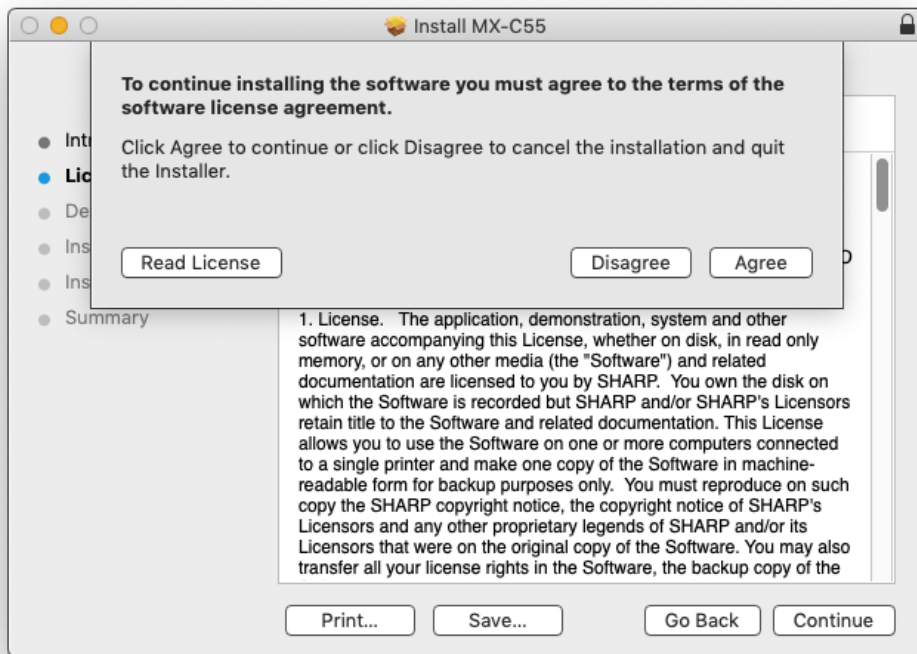

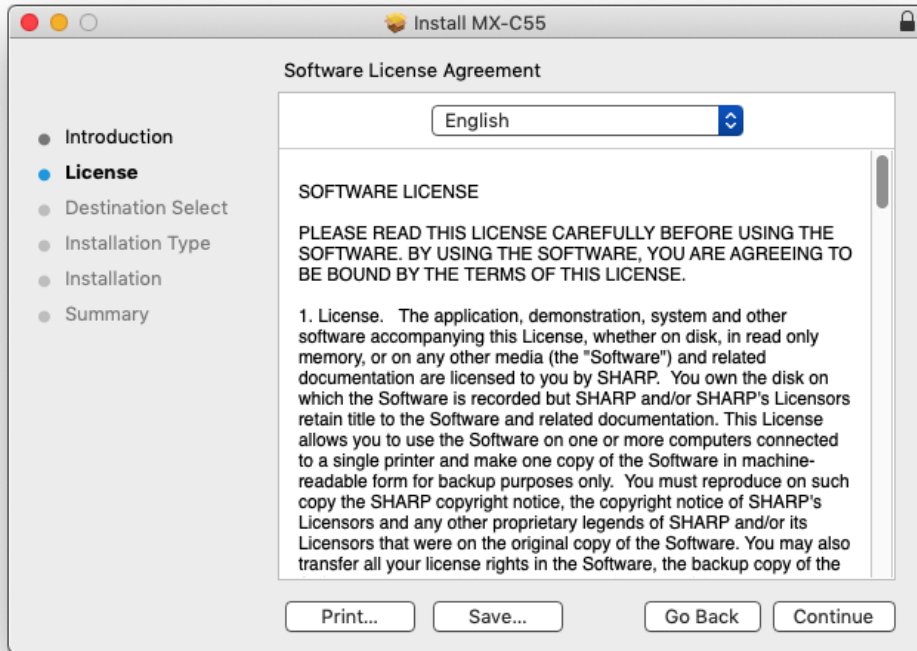

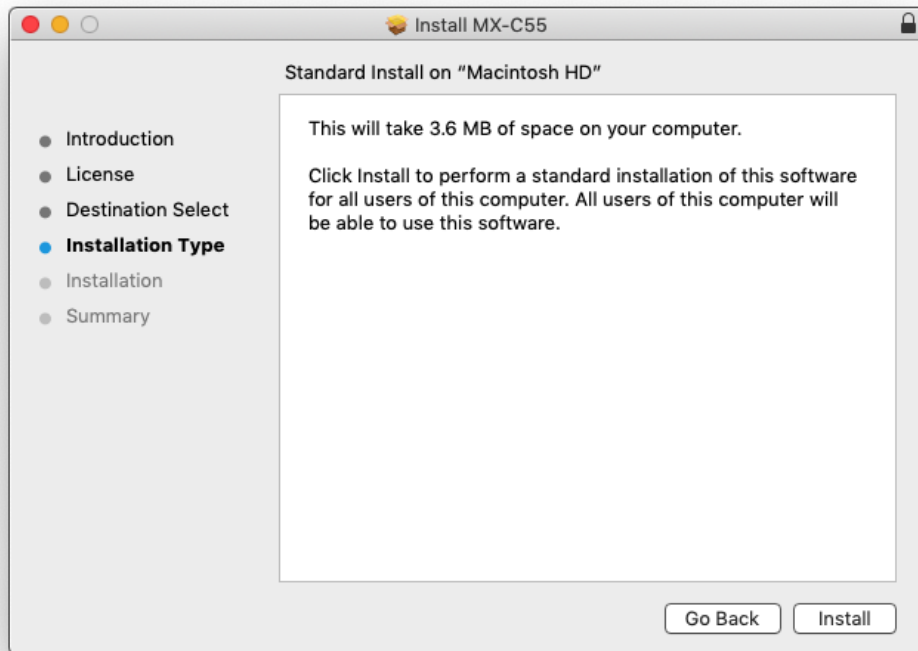

This will open the virtual disk image and should display it's contents. Double-click on the little box icon to open the installer.

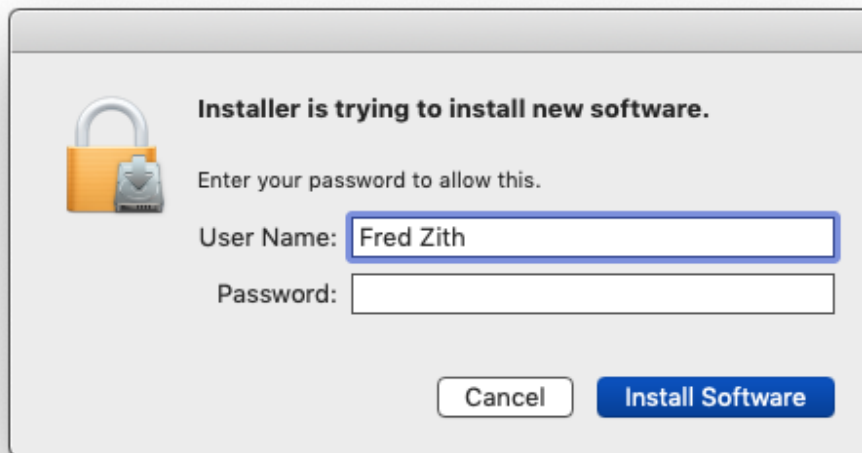

Click "Continue", "Agree" and finally "Install" as necessary to step through the Installer dialog boxes.

Enter your password when requested. This is the password for your computer, which might not be the same as the password for your other District services such as email. The username should pre-populate and is the account name on the computer. If you inherited your computer from another user, that older username might still show up. Use what pre-populates and you should be ok.

Wait for it to install, and it should display a confirmation screen when finished.
